

DAVIS-STANDARD GLOBAL SERVICES TERMS AND CONDITIONS

1. GENERAL. Davis-Standard, LLC, or any of its Affiliates as defined in this paragraph, is hereinafter referred to as "Seller". Services performed on Buyer's existing equipment, including mechanical and/or electrical reman, repair, rebuild and upgrades, software programming (on-site or remote), any commissioning of the foregoing, and consultations and safety audits are referred to as "Services". The mechanical and electrical parts, software, components and assemblies installed when performing the Services are referred to as "Equipment". The expression "Buyer" means the person, firm, company or other entity to which Seller undertakes to supply the Services and related Equipment herein. All sales by Seller are subject to these Davis-Standard Global Services Terms and Conditions ("Terms and Conditions") unless otherwise agreed in writing by an authorized representative of Seller. Any offer, acceptance, order, confirmation or other document from Buyer that contains terms and conditions in addition to or different than those set forth herein are objected to and shall not be binding upon Seller unless acceptance thereof is made in writing by an authorized representative of Seller. Failure of Seller to object to provisions contained in any purchase order or other communication from Buyer shall not be construed as a waiver of these conditions nor an acceptance of any such provisions. Seller reserves the right to correct clerical or stenographic errors at any time. The agreement between Buyer and Seller exclusively includes these Terms and Conditions and the commercial terms and technical specifications or description of Services and Equipment in Seller's quotation ("Agreement"). As used herein, the term Affiliates means all present and future entities which, directly or indirectly, control, are controlled by, or are under common control by Seller. Control shall mean direct or indirect ownership of at least 50% of the voting interest in such entity.

2. DELAYS. Unless otherwise specifically agreed by both parties in writing, deliveries shall be EXW Seller's facility or Seller's supplier's facility (Incoterms 2020). While Seller will use commercially reasonable efforts to ship and/or deliver Equipment or complete Services by the dates specified, quoted or acknowledged by Seller, all such dates are approximate and not guaranteed. If Buyer is, however, unable to receive delivery of the Equipment or delays Services to be performed in relation to such Equipment for more than 30 days after the date specified, quoted or acknowledged by Seller, Seller will upon written notice to Buyer put the Equipment into storage at Buyer's risk and expense and the Equipment will thereupon be deemed delivered and any remaining balance of the purchase price for the Equipment will be immediately due and payable. Seller may present a trucking bill of lading/CMR waybill for payment under any Buyer issued letter of credit if Equipment is placed into storage.

In the event of delays in the issuance of a Buyer's letter of credit, delays in Buyer's supply of any technical details required for engineering of Equipment, or any delays caused by either party in any pre or post-delivery activities, including acceptance testing, the shipment and/or delivery date and the letter of credit validity shall be extended. Seller shall advise Buyer of the revised date(s).

Neither party will be liable for delayed delivery, non-delivery, or any other failure to perform hereunder that becomes impractical as result of a failure of a presupposed condition or an extraordinary event or occurrence beyond its control and without its fault or negligence ("Force Majeure Event"). A Force Majeure Event includes but shall not be limited to epidemics, pandemics, mobilizations, war, revolution, terrorism, piracy, serious breakdowns in manufacturing, accidents, labor conflicts, natural catastrophes, interruption of data transfer, lack of power, unavailability of or delay in transportation, delays in or non-delivery by mutually agreed or sole source subcontractors, vendors or suppliers, official actions or omissions by any state authorities or public bodies, trade embargos or export control and sanctions regulations.

3. WARRANTIES.

Equipment Warranty. Seller warrants Equipment manufactured by it will be free from defects in workmanship and material under normal use and service. Equipment manufactured or supplied by others is sold exclusively under such warranty as the manufacturer may give to Seller and to the extent enforceable by Seller. Seller warrants that when delivered its Equipment will be designed and manufactured to perform the mechanical functions expressly stated in this Agreement provided the Equipment is maintained and operated under proper conditions by competent trained personnel using such raw materials as may be specified.

Services Warranty. Seller will perform the Services in a good and workmanlike manner. Seller does not warrant that the Services performed will improve the amount or quality of production unless expressly stated in this Agreement.

Warranty Periods and Remedies. If any part or component of the (a) **Equipment** is found and reported during any lab trial, inspection, pre-delivery testing, installation, commissioning, acceptance testing or thereafter within one year from date of delivery (or such earlier date if Buyer refuses to accept or delays delivery) to have been defective prior to or when delivered (a non-conformity with the Equipment Warranty being deemed a defect); or (b) **Services** is found and reported within 90 days from the date it is furnished to not conform with the above Services Warranty, and provided immediate notification in writing is given to Seller, Seller will, at its discretion, either modify, repair, replace or re-perform such component or part of the Equipment or Services. Defects caused by normal wear and tear items, such as screws, barrels, filters, seals, transport chain, rupture discs, die insulation, belts, knives and roll coverings are excluded from warranty replacement. During repair, risk of loss will remain with Buyer. Seller's warranty does not cover any labor charges for the replacement of parts, adjustment, repairs, or any other work done by parties other than Seller without Seller's prior written approval. Replacement of parts manufactured or supplied by others is subject to that manufacturer's or supplier's consent and to Buyer's returning the replaced part DAP Seller's plant (Incoterms 2010). No parts or components may be returned without Seller's prior written consent. THE FOREGOING WARRANTY EXTENDS TO BUYER ONLY AND NOT TO BUYER'S CUSTOMERS AND IS EXCLUSIVE AND IS IN LIEU OF ALL OTHER WARRANTIES (WHETHER WRITTEN, ORAL OR IMPLIED) INCLUDING THE WARRANTY OF MERCHANTABILITY AND WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE IN OTHER RESPECTS THAN EXPRESSLY SET FORTH IN THIS AGREEMENT. Remedies of Buyer set forth herein are exclusive. Buyer's sole remedy and Seller's sole liability with respect to the performance or breach of this Agreement in connection with the Services and related Equipment purchased hereunder, is to modify, repair or replace defects in the

Equipment or reperform defective Services that have been identified by Buyer. If the Equipment cannot be modified, repaired or replaced or the Services cannot be reperformed as provided above to meet the warranty obligations stated above, including compliance with any acceptance criteria contained in this Agreement, Buyer's sole remedy and Seller's sole liability shall be to mutually agree to a reduced price reflecting the difference between the value of the Services or Equipment delivered and the value the Services or Equipment would have had if they had been as warranted.

Warranty Conditions. Buyer will reimburse Seller for the travel expenses and time of any service technician or engineer who travels to Buyer's plant at Buyer's request to troubleshoot problems and who identifies improper maintenance or improper operation as the sole cause(s). Any modification or repair to Equipment without Seller's prior written approval, improper use of Equipment, whether intentional or unintentional, operation beyond capacity, failure to report to Seller within the warranty period, substitution or addition of parts not approved by Seller, failure or damage due to misapplication, lack of proper maintenance, abuse, improper installation, or abnormal conditions of temperature, moisture, or corrosive matter, or alteration or repair by others in such manner which in Seller's judgment affects the Services or Equipment materially and adversely shall void the foregoing warranty. Buyer shall allow the Seller prompt access to the Equipment if field repairs, modifications or replacements are required and will supply a modem quality line for the Equipment if requested by the Seller. Should the lack of availability of such a line necessitate a field trip that would otherwise not be required, the Buyer will be charged for travel time and expenses.

4. EXCLUSIVE REMEDIES. SELLER'S LIABILITIES AND BUYER'S REMEDIES ARE LIMITED TO THOSE CONTAINED IN THIS AGREEMENT. SELLER SHALL NOT BE SUBJECT TO ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OR RELATING TO THIS AGREEMENT, WHETHER BASED ON BREACH OF CONTRACT, BREACH OF WARRANTY, TORT OR ANY OTHER THEORY OF LAW OR EQUITY. SELLER SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, MULTIPLE, OR CONSEQUENTIAL LOSS, DAMAGE, EXPENSE OR INJURY OF ANY KIND WHATSOEVER ARISING OUT OF OR RELATING TO THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS OR REVENUE, COST OF CAPITAL, LOSS OF PRODUCTION, OPPORTUNITY, FINANCING, GOOD WILL, USE, BUSINESS REPUTATION, COST OF SUBSTITUTE FACILITIES OR SERVICES, DOWNTIME COSTS, DELAYS, DEFECTIVE PRODUCT LOSSES, COST OF TESTING MATERIALS, LABOR COSTS, DEPRECIATION COSTS, INTEREST COSTS, CLAIMS OF BUYER'S CUSTOMERS OR OTHER THIRD PARTIES, HOWEVER ARISING. THESE LIMITATIONS OF LIABILITY WILL APPLY WHETHER OR NOT SELLER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY(IES).

5. ENTIRE AGREEMENT. This Agreement contains the entire agreement between Buyer and Seller and supersedes and cancels all prior agreements, negotiations, drafts, representations and communications, whether oral or written, with respect to or in connection with the subject matter of this Agreement. This Agreement can be modified or rescinded only by a writing signed by both parties. The parties acknowledge that they have entered in this Agreement in reliance upon their own independent investigation and analysis and neither has been induced to enter into this Agreement by virtue of, and is not relying upon, any representations or warranties not set forth in this Agreement. No waiver of any provisions of this Agreement shall be binding unless in writing signed by an authorized representative of the party against whom the waiver is asserted and unless expressly made generally applicable shall only apply to the specific case for which the waiver is given. Failure of either party to insist upon strict performance of this Agreement shall not be construed as a waiver of any terms or conditions thereof.

6. CHANGES. Changes to the specifications or Services and/or Equipment description shall be valid only if in writing signed by authorized representatives of Buyer and Seller. Such changes must provide for any modification in the price or in time of delivery. Minor variations by Seller in the details of design or construction of the Equipment shall not give rise to any claim of defect or default, and the Seller reserves the right to make such minor changes in details of design and construction as shall in its judgment constitute an improvement over those set forth and described.

7. INTELLECTUAL PROPERTY. Seller warrants that none of the Equipment infringes any U.S. patent trademark or copyright provided that Buyer will (a) forthwith upon receipt forward to Seller any communication charging infringement, (b) forthwith forward to Seller all process, pleadings and other papers served in any action charging infringement, (c) give Seller the sole right to defend any such actions at Seller's expense, and (d) give Seller the option at any time up to or after judgment at Seller's expense to minimize Buyer's damage or liability (i) by altering the Equipment to make it non-infringing, (ii) by exchanging a non-infringing part which will fulfill substantially the same function for the infringing part which in that case becomes the Seller's property, (iii) by obtaining a license permitting Buyer's use of any infringing part, or (iv) by repurchasing the infringing Equipment at Buyer's straight line depreciated cost. Seller's maximum liability under this warranty shall be (a) to indemnify Buyer for any money judgment recovered against Buyer in a court of competent jurisdiction plus Buyer's reasonable counsel fees if Seller does not undertake the defense and (b) to repurchase at Buyer's straight line depreciated cost any part held by such a court to be infringing which Buyer cannot use by reason of adverse judgment, all liability of Seller's part hereunder subject to due performance by Buyer of the above conditions and the limitations of paragraph 4 hereof. No warranty is made as to process or product patents unless expressly stated or as to infringement resulting from compliance with specifications supplied by Buyer or from any combination of Equipment with other equipment not supplied by Seller. As to any Equipment furnished by Seller to Buyer, manufactured in accordance with specifications supplied by Buyer, Buyer shall indemnify Seller against all claims, demands and suits brought against Seller for any patent, trademark or copyright infringement.

8. PAYMENTS. Credit terms are as set forth in Seller's quotation. All delinquent sums due and owing to Seller shall bear interest at the rate of one and one-half percent (1 1/2%) per month.

9. TERMINATION. Except as provided in Section 6 hereof, this Agreement is not subject to termination or change unless requested by Buyer and accepted in writing by Seller. In the event of any such termination, Buyer shall pay to Seller within 30 days of such termination, the reasonable costs and all other expenses incurred by Seller prior to receipt of the request for termination (including but not limited to engineering, manufacturing expenses and all commitments to its suppliers, subcontractors, and others), plus a reasonable percentage of the total of the foregoing for Seller's overhead and profit.

10. EVENTS OF DEFAULT. Seller reserves the right to suspend its performance, to advise Buyer of the revised shipment and/or delivery dates or any increases in price, to stop delivery of Equipment in transit, to withhold shipments or Services yet to be performed in whole or in part or to suspend its warranty obligations if Buyer fails to make any payment to Seller when due, delays its issuance of letters of credit,

Revision 2/26/25

Buyer shall be deemed to be in default and delivered Equipment and Services shall be deemed accepted and Seller shall be entitled to recover any unpaid balance of the purchase price together with any incidental damages upon the occurrence of any of the following events, or of any other comparable event (i) Buyer ceases or suspends operation of its manufacturing plant, (ii) Buyer delays the commencement or continuation of, or refuses to allow Seller to complete, any Services or acceptance testing and the Buyer refuses to agree to a Services or testing start date within 30 days of such delay or refusal, (iii) Buyer fails to make any payment when due, (iv) insolvency of Buyer, (v) Buyer's filing of a voluntary petition in bankruptcy, (vi) the filing of any involuntary petition to have Buyer declared bankrupt provided it is not vacated within 30 days from the date of filing, (viii) the appointment of a receiver or trustee for Buyer provided such appointment is not vacated within 30 days from the date of such appointment, (viii) the execution by Buyer of an assignment for benefit of creditors.
